

## **"CRASH" Movie Permission Slip**

The movie "Crash" will be shown at the next St. Aloysius Youth Group social on Sunday, January 22. "Crash" is a movie about the diverse melting pot of post-9/11 in Los Angeles. This movie examines fear and bigotry from multiple perspectives as characters careen in and out of one another's lives. The purpose of showing this film is to educate others about bias, bigotry and racism. It will also serve to educate youth on diversity and show them that we can make a difference in the world by accepting and embracing people for who they are, not what they look like.

"Crash" is rated "R" and recommended for individuals 17 and older. Please sign below if you give your child permission to watch the movie at this social and be involved in the discussion following. If you have any questions, please call Joshua Smyser at 773-278-4808.

I give my son/daughter \_\_\_\_\_ permission to watch the movie "Crash" at the Youth Group social on January 22 and participate in a discussion following the movie.
